Press Release

Screen Machine Awarded the Associated Equipment Distributors (AED) Quarter Century Award

Commemorating 25 Years of Partnership

Etna, Ohio, July 11, 2014: Bob Henderson, AED's Executive Vice President & COO, presented Steve and Doug Cohen of Screen Machine Industries with the prestigious Quarter Century Award to commemorate their 25 years of service to the construction industry as a member of Associated Equipment Distributors. "Time and again, over the years, joining AED has proven to be an excellent decision. Being able to establish new relationships with equipment distributors while reinforcing existing ones was a goal from the beginning. Participating within this community of likeminded professionals every year at the annual Condex show has been very exciting and beneficial to our business." said Steve Cohen.

The Associated Equipment Distributors is an international trade association representing companies involved in the distribution, rental and support of equipment used in construction, mining, forestry, power generation, agriculture and industrial applications.
